## Exhaust Connectors, Flexible Metal Hoses & EGR Tubes Interlock Tubes

JAS-ANZ

# SONU HOSE PVT. LTD.

ISO 9001 : 2015 Certified Co.

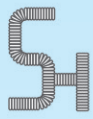

# PROFILE

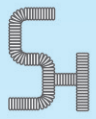

**SONU HOSE PRIVATE LIMITED** are one of the eminent manufacturers exporter & supplier of FLEXIBLE METAL HOSES, AUTOMOTIVE EXHAUST BELLOW CONNECTORS & EGR TUBES.

**Available** as per the specific requirement of our clients, our products fulfill the requirement of automobile, refrigeration, engineering, air conditioning & petroleum industries. These products are in Conformation with the prevailing industry standards & are offered at market leading prices. Some of the features for which our products are appreciated at lower maintenance, corrosion resistance, dimension accuracy and easy installation.

**Owing** to our voluminous experience and availability of sophisticated machines. We have been able to offer excellent range of products to our clients. We have all the requisite machines and technologies for designing customized products more over we have employed skilled quality controllers who are responsible for keeping strict check on every stage of production. Due to our ethical business policies and client centric approach. We have carved a niche in the domestic market.

## ◀ Exhaust Connector

### Exhaust Connector Pipe

Installed between exhaust manifold and catalytic converter absorb shock and decrease engine noise & easy to install & extend exhaust system life.

## ◀ Exhaust Connector with Pipe

All Sizes and types can also be supplied with welded pipe on ends.

## ◀ EGR Tubes (Exhaust Gas Re-circulation)

Corrugated EGR Tubes Design to solve Hi Temperature, durability and vibration problem

EGR Tubes are developed according to Customers requirements sizes and application.

## ◀ Interlock Tubes

Interlock Tube are used in Exhaust System of Heavy Buses and Heavy Trucks to absorb engine vibrations.

Made in various dimensions and materials according to customers requirement.

## ◀ Flexible Metal Hoses

Flexible Metal Hoses are used in Industries, Gas pipe line, Engineering, Air Conditioning, Petroleum Industry & Exhaust System.

## ◀ Expansion Bellows

Expansion Bellows are used for various application. The range of bellows we manufacturing includes Single ply, Double ply, Triple Ply Bellows are available in a wide range of designs, sizes, lengths.

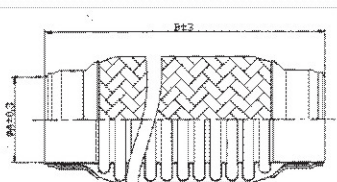

## ◀ Generator Bellows

The Generator Bellows are Manufactured especially for use in generators. We manufacturing the range in different sizes and shapes for fulfill the demand in the market.

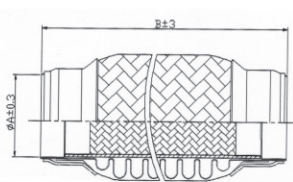

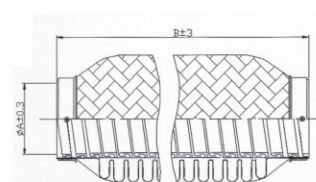

BASIC TYPE

WITH INNER BRAID

WITH INTER LOCK
